

## **SAGES 2020 ASM Online – SESSION DETAILS**

### **THEME 1 – LANDSCAPE FORM, USE & CHANGE: A DYNAMIC EARTH**

We are delighted to invite you to submit your work to the **Landscape theme session at the SAGES Virtual ASM**.

The ASM will be held online between 24th and 26th November. Theme 1 session will take place **Tues 24th Nov. 14:00-15:00**

Across the ASM we invite informing and inspiring ‘Highlights’ (e.g. about a research project, a scientific or technical breakthrough, a report on a recently published paper, a collaborative initiative between SAGES and other partners, a creative interdisciplinary project, an industry placement, an outreach or public engagement activity, or a research visit).

The ASM has an overarching solutions-based theme timed to meet the opportunities and challenges around the Glasgow UN Climate Change CoP26 in November 2021, and the Kunming UN Biodiversity COP15 in spring 2021. Joint solutions are vital. We are certain there will be many highlights relevant to this topic and to Theme 1, we look forward to receiving them.

Submit here: <https://www.sages.ac.uk/sages-asm-2020-online/>

Further details on the ASM and on the registration and submission processes are available at: <https://www.eventbrite.co.uk/e/sages-online-annual-science-meeting-2020-tickets-111122899584>
