

SAGES 2020 ASM Online – SESSION DETAILS

THEME 4 – TRANSFORMATIONS IN SOCIETY AND ENVIRONMENTAL POLICY

We are delighted to invite you to submit your work to the Transformations in Society and Environmental Policy theme session at the SAGES Virtual ASM.

The ASM will be held online between 24th and 26th November. Theme 4 session will take place on Wednesday 25 November 2020, 11:30 – 12:30.

Across the ASM we invite informing and inspiring ‘Highlights’ (e.g. about a research project, a scientific or technical breakthrough, a report on a recently published paper, a collaborative initiative between SAGES and other partners, a creative interdisciplinary project, an industry placement, an outreach or public engagement activity, or a research visit).

The ASM has an overarching solutions-based theme timed to meet the opportunities and challenges around the Glasgow UN Climate Change CoP26 in November 2021. All contributions to the session are welcome though authors may wish to address questions such as:

How to develop joint solutions to support successful transformations?

How would we go about transforming scale in research, policy and practice?

We are certain there will be many highlights relevant to CoP26 and to Theme 4, we look forward to receiving them.

Submit here: <https://www.sages.ac.uk/sages-asm-2020-online/>

Further details on the ASM and on the registration and submission processes are available at: <https://www.eventbrite.co.uk/e/sages-online-annual-science-meeting-2020-tickets-111122899584>
